Massing Of German Troops In Balkans Inspires Fear That March Is Planned Into Near East—Planes Soar Over Embassy

BUCHAREST, Oct. 12—Germany's drive to the east took form today with the arrival of truckloads of German soldiers with fixed bayonets, giving observers the impression of Nazi occupation of this Rumania capital.

These packed vehicles, escorted by smaller cars containing officers, carried Hitler's swastika banners through Bucharest streets at noon while squadrons of planes, some with German markings, swept back and forth above the city.

British subjects who had remained here despite worsening relations between London and Bucharest were busy engaged in packing and leaving.

German troops were unfurled at hotels to honor the arrival of the German troops, which made German military protection of Rumania an embroiled fact after a week of conflicting reports.

**NEW MOVES PLANNED**  
The Nazis' coming drew attention to possible new moves in the Rome-Berlin axis in southeastern Europe.

The light of German bayonets flashing in the sun followed Turkey's declaration that 2,000,000 of her own bayonets would block any axis attempt to advance in her direction into the Near East.

A final diplomatic break between Great Britain and Rumania was decided today, when Rumania's action in ordering British consuls to leave Rumania and the freezing of Rumanian credits in the United Kingdom strengthened the belief that a formal break was near.

It was announced in London that relations have reached a "critical point."

**EXODUS BEGAN**  
The exodus of British subjects ordered by London after at least 100 airplanes marked with German, Italian and Rumanian insignia flew over the British legation—concludes stage.

British called the flight over the legation an "intimidation" move. Later the planes flew over the Italian and German centres of Ploesti and Giurgiu where French and British interests once were dominant.

Rumanian officials claimed the Axis patrol of the oil fields was a "provocation" and that the German, Italian and Rumanian insignia flew over the legation as a "provocation."

Similar trumped-up charges preceded German invasion, peaceful or otherwise.

There was no comment from the Bucharest government on Rumania's action in freezing British credits on the heels of similar action by the United States.

**FALSE CHARGES**  
"Belgium ignored the charge. Similar trumped-up charges preceded German invasion, peaceful or otherwise."

There was no comment from the Bucharest government on Rumania's action in freezing British credits on the heels of similar action by the United States.

**Individual Civil Disobedience Plan In India Forecast**

BOMBAY, India, Oct. 12—Indian Congress (Mahatma) leaders meeting here today forecast inauguration of an "individual civil disobedience" plan as a result of the refusal of Lord Linlithgow to permit the arrest of Mahatma Gandhi to prevent anti-British propaganda.

Linlithgow, Oct. 3 declared there would be no civil disobedience drive in India as a result of the "violation" of the Gandhi formula.

The formal decision of the Congress working committee was not expected before tomorrow.

## HANSON BREAKS Quotas To Permit Delivery Of Half Marketable Wheat

**Airmen's Lives Endangered By Tory Leader**  
Rashness, Says Power

OTTAWA, Oct. 12—Mr. Winston Churchill, Tory leader, was charged today by Conservative Leader R. B. Hanson with betraying a "secret" out of the Canadian government.

Mr. Hanson was commenting on Mr. Churchill's speech at Charlottetown last night in which the Conservative leader said that 10,000 British airmen were coming to Canada for training outside of the British Commonwealth Air Training Plan.

"As I understand it," Mr. Hanson is presently engaged in the great war work of recruiting for the Tory party," said Mr. Power in a brief statement.

**RECRUITS HITLER**  
"I am not aware of the measure of his success but I should say that by betraying the secret not of the Canadian government, but of Britain, and lying certain facts into a shrewd political card, he may have made one recruit his name is Hitler."

At Charlottetown last night Mr. Hanson was reported as saying Canada was going ahead with the training of 10,000 British airmen "over and above the Empire Training Scheme," and he added, "I may be interpreted for stating it, but I know it is fact."

Justice Minister Lapointe has the authority to order intervention when it is considered warranted. He was not in the capital today.

## HUNS GET SUB OIL ON EIRE COAST, CHARGE

BELFAST, Northern Ireland, Oct. 12—Dr. James Little, member of parliament for County Down, declared at a political meeting today that Germans have been getting oil for submarines from the west coast of Eire.

He said a statement by the Eire government that it knew of no such supply was "putting the plans to the blind eye with a vengeance."

**Hon. J. A. MacKinnon Asserts 51.4 Per Cent. Of Prairie Crop May Be Delivered Under Quota Plan**

OTTAWA, Oct. 12—Trade Minister MacKinnon issued figures today showing that quotas established for delivery of 1940 crop wheat to elevators will allow prairie producers to deliver 51.4 per cent of their marketable surplus, or 239,149,000 bushels.

The minister's figures showed also that of the wheat delivery quota, only 64 per cent has been filled from Aug. 1 to Oct. 4 when deliveries to country elevators totalled 122,968,000 bushels.

This low percentage is partially due, of course, to lack of deliveries in Alberta where harvesting is delayed; the minister said in a statement issued along with the figures.

**MAKES FIRST REPORT**  
The minister's statement was his first report on deliveries since establishment of the present quota delivery system.

With Canadian storage space lacking to handle the large carry-over and the current crop arrangements were made so that farmers could deliver a certain portion of their wheat crop to elevators and thus receive the guaranteed price for their grain of 79 cents a bushel. No. 1 Northern, basis, Fort William, Vancouver. These delivery quotas were set generally at eight bushels to the acre.

The figures issued by Mr. MacKinnon today showed that in Manitoba 12,000,000 bushels out of a 32,991,000-bushel quota, had been delivered at Oct. 4. This means 75.77 per cent of the Manitoba quota.

## Turk Ambassador Returns To Post At Risk Capital

MOSCOW, Oct. 12—Turkish ambassador Halid Akkoy returned to his post here today after a two-month absence. The ambassador left Moscow Aug. 12. Since then the Soviet government has appointed Sergei Vinogradov as the new ambassador to Ankara. German ambassador Count Friedrich Werner Von Schulenburg also is returning to Moscow this week and after a three-week vacation.

## Many Nazi Planes Hit By British

Docks, Airdromes Bombed During Night Attacks by Britain's Bombers.

By FREDERICK KUB  
British United Press Exclusive Cable To The Edmonton Bulletin

LONDON, Oct. 12—Royal Air Force bombing planes attacked oil plants, factories, docks and airdromes in Germany and German occupied territory during the night despite unfavorable weather and returned safe, the air ministry said today.

Kiel, Hamburg, Bremerhaven, Weersmunde, Wilhelmshaven and other ports in the North Sea, and planes worked together in a blinding bombardment of French sea ports.

German big guns shelled the Dover area tonight after a night in which British fighters and bombers worked together in a blinding bombardment of French sea ports.

**VIOLENT BATTLE**  
German guns had fired a bombardment of the English coast last night, from newly-occupied Belgium.

British guns retaliated and fought a violent battle, according to the ministry, during the month's campaign.

Late in the evening a big force of British bombing planes heavily bombed the German gun emplacements while the British big guns continued their bombardment. Heavy rain on the British side of the channel broke the force of the explosions.

Then British planes early this morning made a sudden surprise attack on the gun emplacements and other targets along the invasion coast.

German guns in the Cape Gris Nez area continued firing despite the blasts from the planes, and German searchlights and flares lit the sky.

**NO BRITISH DAMAGE**  
British big guns pointed in intensified fire and their shells could be seen exploding on the French coast.

The German gunners replied with a heavy barrage from their coastal guns.

The air ministry reported that despite the heavy rain, British bombers heavily bombed the German ports and targets in Germany proper.

Reports of the British bombing attacks on the invasion coast indicated that British raids had been unusually heavy. Planes had been reported with the heavy bombardment of Cherbourg, dropping more than 1,000 high explosive and incendiary bombs within 35 hours, and in Germany had concentrated on all plants at Hamburg, Hannover, Cologne, Magdeburg, Gelsenkirchen, Leuna and Berlin.

An air force spokesman commented that on his way home from Cherbourg, he saw explosions at a distance of 100 miles and believed that the invasion plan must be off their course.

**Vancouver Mayor Says City Needs Air Raid Shelters**

VANCOUVER, Oct. 12—Mayor Lyle Tolsted disclosed today he is seeking from the Dominion government authority to construct air raid shelters, and that the city has facilities in Vancouver. Such problems as the Dominion government has a great responsibility, he said.

## Japs Urged To Seize Shanghai Foreign Areas

U.S. Accused Of Storing War Materials In Manila and Singapore For China Use When Burma Road Opens

By ROBERT BELLAIRE  
British United Press Exclusive Cable To The Edmonton Bulletin

SHANGHAI, Oct. 12—The Japanese government today urged the United States army industry of storing large quantities of war material in Manila and Singapore for the Chinese government at Chungking.

"Preparations are being made for transporting this material over the Burma road to Chungking as soon as the road is reopened," the newspaper Nichiichi at Tokyo said, "while the attitude of the United States and Britain toward Japan is becoming more threatening, the war material includes tanks, artillery, aircraft, guns and bombing airplanes."

Families of employees of American concerns, including Standard Oil Company and Anglo-American Tobacco Company, will be evacuated, the dispatch said, and the employees themselves will be evacuated if future developments necessitate.

**MISSIONARIES STAY**  
Thirty American missionaries have decided to remain at their posts, the dispatch said.

Japanese newspaper organs here, what appeared to mark the beginning of an inspired campaign, demanded today that the Japanese army seize the international settlement and the French concessions here and presumably the British and French concessions at Tientsin and the legation quarter at Peking.

Sin-Shun-Pan, chief Japanese newspaper organ here, demanded occupation of the foreign area on the grounds that they were "strategic" and "vital" to Japan.

It quoted Maj. Gen. Keiichi Murai, Japanese commander, as stating that the Japanese were adopting necessary measures to end "unpleasant" activities such as the assassination of Fu Hsu-Kai, puppet Chinese premier.

Controlled parts of Shanghai, (Fu) was murdered apparently by one of his men, servants, in the Japanese controlled area.

**BUILD CAMPS**  
Demands for the overhauling of the foreign area came and rumors were spread by British press yesterday that the Japanese intended to occupy them Oct. 17, when British troops in the area would be withdrawn.

Chinese and the Japanese were adopting necessary measures to end "unpleasant" activities such as the assassination of Fu Hsu-Kai, puppet Chinese premier.

Controlled parts of Shanghai, (Fu) was murdered apparently by one of his men, servants, in the Japanese controlled area.

**LONG ARTILLERY DUEL**  
To the battle of bombs was added the war of guns. Long range British and German batteries on opposite sides of the English Channel sniped at each other for three hours last night and early today in their long art bombardment.

Big shells exploding at three-minute intervals shook the coast of southwestern England and Nazi-held France. Flashes of searchlight beams were visible.

**Technician Charged Faces Two Charges Under Defence Act**

REGINA, Oct. 12—Dr. Joshua N. Halderman, former Regina physician and head of the Regina branch of Technocracy Incorporated, appeared in city police court Saturday morning to answer two charges under defence act regulations. Dr. Halderman was released until Oct. 18 on \$1,000 bail.

Dr. Halderman was arrested by R.C.M.P. officers at Vancouver Monday for Regina police. Technocracy Incorporated is an illegal organization outlawed by Ottawa after the outbreak of the war.

**Germans Claiming Direct Hit Is On Waterloo Station**  
LONDON, Oct. 12—The German press today claimed that German planes in daylight raids on London today scored direct hits on Waterloo station, otherwise safe of Victoria station and other sites in the Westminister district.

German officials made no immediate comment on the Nazi broadcast.

## BISHOP SAYS U.S. DEPENDS UPON BRITAIN

### Episcopal Prelate Declares England First Line Amer- ican Defence

KANSAS CITY, Oct. 12.—The war is coming, the United States to be sure, but it is no choice in the matter. Rev. Frederick W. Beckman, Episcopal Bishop of Paris, said in an interview here today.

"The axis powers will have us in whether we like it or not," Bishop Beckman, who fled from Paris just before the onset of German forces, said, his concern was not fear of actual axis invasion of America, but that defeat of Great Britain would bring economic disaster to the United States.

"We are a question of England needing us, we need England," he said. "If England should fall to Hitler, America would see the most terrible picture in its history. There wouldn't be a market for new motor cars at \$40 each."

He said Britain does not need United States troops.

"They've got all the manpower they need," he said. "What they need is more of every mechanical thing possible. Bombers, tanks, times the number of airplanes, destroyers, tanks, munitions and arms we are supplying them with."

"There is no sense in keeping everything here for our own army. We must keep Britain fighting. She is our first line of defense."

Bishop Beckman will speak tomorrow at a "bundes for Britain" convention gathering, a special religious service at the cathedral in New York.

The entire effort will go to the "bundes for Britain" organization which finances medical aid, clothing, ambulances and other assistance to beleaguered England.

## Today's Communiques

### British

LONDON, Oct. 12.—The air ministry issued the following communiqué Saturday:

"Last night's severe weather conditions restricted the operations of our bombers. Nevertheless, widespread military objectives in France and many enemy-occupied territories were bombed."

"Targets included plants, factories, bridges, and the towns of Bremen, Hamburg, Wilhelmshafen. Several enemy air forces were also bombed."

"Our offensive against the channels of the Scheldt and the Meuse was continued. All our aircraft returned safely."

"Four enemy aircraft were shot down. One was destroyed and three were damaged."

"The air and home security ministries issued the following communiqué Saturday:

"Enemy fighter-bombers again dropped bombs from a great height over central parts of London this morning, and a few were also dropped in Kent and Sussex."

"Casualties and damage so far reported are not heavy."

BERLIN, Oct. 12.—Saturday's German high command communiqué said:

"Bombing by units of light fighters yesterday caused extensive destruction in the British capital. Resulting fire developed at several places into great conflagrations which, at the beginning of the night, were extinguished by squadrons of heavy planes on retaliatory flights."

"Numerous bombs of medium and heavy calibre caused great fire in London, and in the suburbs of London. Furthermore, numerous bombs were dropped in the neighbourhood of Battersea Park and on the Thames basin."

"Another great attack was directed against the harbor and industrial regions of Liverpool, Birkenhead and Manchester. Here a great fire broke out in refrigeration houses and numerous buildings in the vicinity of the Canadian docks."

"This is a section of the water front named after Canada. It quickly appeared. Likewise, several great fires between Stanley Harbor and the Canadian docks could be seen."

### Thanksgiving

Dull must be the understanding and weak the imagination of any who do not see that Canadians should observe Thanksgiving Day with deep sincerity. The lines have fallen to us in pleasant places. A glance at the news of the day must bring that fact home to every rational person. Our good fortune cannot be completely set out in words. The immunities we enjoy in ourselves make up a list to invite gratitude beyond measure. The positive blessings which have been showered on this favored land are literally too many to enumerate.

We live in the continent of North America.

Our homes have not been bombed. Invasion has not reached our shores, nor does it imminently threaten.

The predatory despotism which aims to put the world in bondage is breaking itself to pieces on the rock of British resistance.

We were given the collective intelligence to see at the outset of the struggle the issues which were involved, and therefore to make use of the opportunity to get our country on a war footing.

We have the means to give active and tremendous support to the people of Britain and those everywhere who are fighting to preserve freedom, good faith, human rights and the civilized way of life.

Our fighting men on land and sea and in the air are splendidly upholding the traditions which have inspired and doing their parts efficiently and effectively.

The confidence of our people in the outcome of the war is unshaken. We know that we are going to win.

We are developing a national consciousness, new, virile, and essentially Canadian.

More than it ever before the Dominion has become a "connecting link" between the British Commonwealth of Nations and the United States; by whose co-operative action international lawlessness can be stopped and all peoples secured in the right to govern themselves.

Our country is free from internal strife and its people more genuinely united than they ever were before.

The Dominion has not been visited by severe epidemics or major disasters.

The health of the nation is good. The evils of unemployment are rapidly disappearing and the average standard of living is rising.

There is no fear of famine in Canada. Our crops have been bountiful, so bountiful that we do not know what to do with the surplus we do not require for ourselves and cannot immediately market abroad.

The productive capabilities of our country are expanding and its resources becoming better known and more fully appreciated.

These are a few of the reasons only, but surely enough, why Canadians may feel every thoughtful Canadian something more than merely another holiday. Any normal person can add to the list indefinitely. The moral is inescapable. We should be grateful indeed at this time we do not, in reverence and humility, thank God that we are Canadians.

### De Gaulle Versus Weygand

General De Gaulle's expedition met with a rousing welcome at Duala, from French officials and troops and native soldiers and tribesmen. The territory, formerly known as the Cameroons, is now French Equatorial Africa, and Duala is its principal port. Its governor at the outset refused to submit to Hitler at the bidding of Pétain, and in his stand has been loyally backed by French residents and natives. Until the former Great War the territory was a German protectorate. That perhaps helps to explain why its people are in revolt against the attempt to bring them under Nazi rule. Harsh as they may have been, the officers of the Kaiser never displayed the unbridled cruelty of the henchmen of the Fuehrer. The territory is about two-thirds the size of Alberta, and has four times the population. It is in some respects better situated as a base for Free French operations in west and central Africa than Dakar would have been.

General Weygand is now somewhere in northern Africa trying to establish Hitler rule over the French possessions in that continent—a strange mission surely for the man who six months ago was directing the land forces of the Allies against the Nazi invaders of France. De Gaulle's expedition is a counter-thrust, aimed at consolidating and extending Free French in-

fluence and power. Given the backing it deserves it should neutralize the temporary advantage the enemy has gained in the control of Dakar, and may even play a part in the struggle on the other side of the continent.

The reception given De Gaulle in this important area will be encouraging to the French everywhere who have resolved that France shall not be shorn of its colonial possessions and made only a subsidiary of the Reich.

Questioners in the British House of Commons were no more successful than anxious enquirers in Tokyo in finding out just what London and Washington have been discussing in relation to the situation in the Pacific. Maybe Mr. Hull and Lord Lothian just talked about the weather?

Air Marshal Bishop says Royal Air Force fliers in the First Great War used to take captured German airmen into their messes, "but it is not done now". Honorable antagonists can be treated with respect. Deliberate murderers of unarmed civilians are beyond the pale.

The wheat board is finding that it can pack in quite a lot of what in the elevators which have been ordered to "fill to the roof". At 46 more points, 17 of them in Alberta, deliveries in excess of the base eight-bushel quota may be made. At some of these points the new allowance is ten bushels per acre, at others twelve bushels, and at others fifteen.

Uncle lies the head of a Japanese puppet ruler in China. One of them, the so-called mayor of Shanghai, was killed in his bed, despite a private force of 20 armed guards, or perhaps by them. It is said that for nearly two years he had never slept two consecutive nights in the same bed. His judgment in changing beds was better than his judgment in changing sides.

Tokyo newspapers are displeased with the Vancouver city council. For the reason that the council thinks Japanese schools in British Columbia should be closed, Japanese citizens deported if they have broken Canadian law or entered the country illegally, and further Japanese immigration barred. Which of the rights involved do the Japanese authorities not claim for themselves, and exercise at their discretion, in respect to foreign residents of Japan?

## From The News

By HAROLD L. WEIR

There is an indication, in the Japanese attitude this week, that the Mikado's empire is a bit appalled by the storm raised over its pact with the Axis group, and that it is seeking to mollify the United States.

Do not be misled by this appearance of sudden meekness.

It is part of the Japanese character to strike the most violent blow with the utmost politeness. The softer the words, the more venomous the intentions.

Happily the United States does not appear to be misled by this pose. The Americans know their little brown bear when they see it.

There is another fact, too, that cannot be overstressed.

Japan will fight, whether she wants to or not, because Germany will fight right up to the minute American assistance to Britain becomes embarrassing.

The Japanese have been jockeyed into a treaty in which they can help the Axis without being helped themselves—which, of course, is the Axis way.

Nicholas Murray Butler, president of Columbia University, has told the professors and instructors of that institution that if they are not in accord with the university's defense aims, they can get out.

Faculty members replied with this statement: "We do not believe that an instructor's attitude on the present war or foreign policy of the United States should receive consideration in determining his status as a member of the university."

These faculty members do not seem to understand their proper functions. Young men and women derive intellectual and spiritual sustenance not from these professors' know, but from what they are.

The real textbooks of any university are not texts and volumes, but the characters of those who teach. For a university is much more of an inspirational than an instructional institution.

Thus, a fellow may be simply bursting with mathematical genius, but if he is a dullard, his broad moral outlook on the sanctity of democratic relationships is unimpaired, he is a menace to the peace of the world.

No professor has a right to hide his political perversions in a university any more than a student should hide his political perversions in a university.

And, by the way, what has happened to "tolerance" during the last year? That amazing word, fetish of the twenty-year era of peace delusions, does not seem to have worn very well.

Speaking of tolerance, there is a messianic tendency abroad to criticize the Duke of Windsor for holding down a "soft job" in the Bahamas while his country is at war.

It has been the custom to make such references to His Royal Highness since his abdication. In all fairness, that custom should be dropped now.

The Duke of Windsor is out of England, probably at his own desire, for a very substantial if somewhat unbecomingly large sum of money.

There is always a chance—remote, if you like—that King George may be killed. This would leave the succession open at a very crucial time.

Prince Edward had and still has a strong personal following in Britain. At the time of his abdication that following was headed by none other than Mr. Winston Churchill.

It would be a tragic situation if two parties should arise from the ruins of the monarchy. One would be the party of the Duke of Windsor, the other the party of the Duke of Gloucester.

### THE PRESIDENCY

It is far enough to ask a commentator and critic of public affairs to state his stand in the forthcoming election. I have been reluctant to state mine. I have wanted to be absolutely sure that it was mine—without any shadow of wavering. I think I reached a quick decision before this campaign began, back in May, in France, when I saw two-thirds of the French Republic folding over the other third and knew that the great crisis was coming to a head. In that moment I think I knew that Roosevelt must stay in office and see this thing through. I had a feeling about this in a cable from Paris at that time.

I waited, and watched the campaign, read the speeches and statements and watched the course of events and kept an open mind.

This column, in the five years in which it has appeared, has often criticized the Roosevelt administration, and sometimes very sharply. On the issue of the Supreme Court bill, the manner of the Spending Program, the Silver Policy and the Production versus Purchasing Power theory, and on some of the tax measures and the arguments and means used for enforcing them, this column has not seen eye to eye with the Administration. If I look back over these five years, I think I have a great deal to say in criticism of the Administration. I would recede today, although I would modify some of my criticism. I know better now, than when I started to write, the difficulties of achieving perfection, the immaturity of our factory compromises that have to be accepted in the adjustments between interests and ideas in a democracy.

I have said before and I say again, the mistakes of the New Deal have been mistakes of a critical nature. I think I have said a great deal of the right kind, the extension of the economic benefits of this society, with a larger degree of economic equality, to a larger section of the whole nation, and the extension of popular control. The means used have sometimes been erroneous and the spirit too often pained and bitter.

But here we are, and the year is 1940. We have behind us eight terrible years of a crisis we have seen become a permanent feature of our life and our basic institutions are still intact, our people relatively prosperous, and most important of all, we have a strong and united nation. I do not have an unbridgeable schism between us. The working classes are not clamoring for Mr.

## LUTHERANS DENY BAN ON FOREIGN LANGUAGES HERE

WINNIPEG, Oct. 12.—Ten Lutheran church congregations in Winnipeg are continuing to use the German language in their services and have experienced no trouble with adverse public opinion, Rev. H. Lehmann, minister at Trinity Lutheran church here, said in an interview Friday.

He made the statement when questioned regarding claims of discrimination against Lutheran congregations in Canada voiced at the 12th biennial convention of the United Lutheran church in Omaha, Neb.

Some of the churches used Swedish, Danish and Norwegian as well as English.

In Vancouver and Calgary some Lutheran churches had discontinued the use of the German language voluntarily although no pressure had been brought to bear on them.

## Victoria Soldier Is Electrocuted In Camp Accident

TRURO, N.S., Oct. 12.—A private in a 3rd Division unit identified only as "Scotty" Matthews of Victoria, was electrocuted Friday in an accident at the Debert military camp near here.

Matthews, working on the erection of quarters for troops at the camp, was killed when he touched a wire over a high-tension line carrying 625 volts of electricity. A companion, David Grant of Victoria, was badly burned about the face and hands when he came in contact with the wire.

A court of enquiry will investigate the accident tomorrow.

Military officials said Matthews left a wife and two children in Victoria.

### Face Charges

TORONTO, Oct. 12.—Two members of the Veterans' Guard of Canada and two civilians faced charges in suburban York township Friday of entering the home of an Italian with intent to commit assault. Judgment was reserved.

## HOPE REVIVING FOR BRITISH WIN AMONG FRENCH

LONDON, Oct. 12.—Reports reaching Switzerland from occupied France state that during the past few weeks there has been a widespread revival of hope in a British victory, the British Broadcasting Corporation said Friday in a news broadcast.

The fighting spirit is said to be still alive among the youth of the country and to counter this, concentration camps are said to have been set up on the German model and persons suspected of being open to the Vichy government are sent there without trial, the BBC reported.

According to word received from Norway, the BBC added, anti-German demonstrations are occurring frequently, that the police have had to take strong action.

## German Sergeant Captured In Wild District Of Wales

LONDON, Oct. 12.—A German sergeant who bailed out from his damaged plane, was taken into custody by police early today in a wild part of the Welsh mountains after a night-long man-hunt in which more than 600 persons, the police and military participated.

The Nazi airman was seen parachuting from his plane as Spitfires stalked the machine. The hunt followed.

The fight was watched by 4,000 residents of an historic Welsh village.

## LONDON TIMES BUILDING HIT BY NAZI BOMB

LONDON, Oct. 12.—A heavy bomb struck the building of the Times of London in a recent raid, it was officially disclosed Friday night. Considerable interior damage and some to the exterior was caused.

When the Times mentions it for the first time today, it will also carry a letter from Prime Minister Churchill congratulating the newspaper on the "remarkable way in which the Times has carried on in the face of all the damage and disaster caused by the bombing of Printing House Square."

None of your readers could discover from the paper that your editorial management departments had been destroyed.

"The resourcefulness and adaptability of your staff is beyond praise."

## G. R. Fairhead New C.P. Freight Chief

MONTREAL, Oct. 12.—Announcement was made today by Altair Fraser, vice-president in charge of traffic, Canadian National Railway, that George B. Fairhead has been appointed general freight traffic manager, Montreal, succeeding the late R. J. Ferguson. Other appointments announced are those of John Pullen as assistant general freight traffic manager, Montreal, and F. P. Nelson, as freight traffic manager, central region, Toronto.

# TODAY'S Range in Grain Prices

## MARKETS

### LITTLE INTEREST IN WHEAT MART

WHEAT—The Winnipeg grain exchange was at a low ebb today and closing prices were unchanged. The wheat market was quiet, with only a few transactions reported. The market was generally steady, with prices for wheat ranging from 1.10 to 1.15 per bushel. The market was quiet, with only a few transactions reported. ## Looking Them Over

By Jack Kelly  
No Fear Now  
Hoople Helps  
Snipers Called

When the Maple Leafs handed the South Side Spitfires a 12-0 wallop on their ruffians last night, it removed the last shadow of uncertainty as to how the new City Junior Football League would shape up from a competitive angle.

The games have been close enough so far as play is concerned, but there were a lot of fans who felt that the experienced South Side club would prove too strong for the other squads who are starting into football more or less as greenhorns. With the Leafs and Spitfires now tied for the league leadership, that fear has been eliminated.

Charles Steve Olander and Tommy Hays of the Leafs are entitled to credit as it is they felt inclined to. They turned out as nicely a drilled squad as you could expect to find in junior football at this time of year.

The night before the game Hays issued the assurance that the Leafs had no more plays up their sleeves that even the fans wouldn't be able to follow the ball. Tommy Hays' foiling. The Leafs uncovered a dazzling assortment of fake and deception last night that might have fooled the fans were it followed every time. Certainly there were two or three times when the fans did miss the wrong Leaf, wondering why the Spitfires didn't bring him down before he climbed their goal posts.

## The Major Comes To Our Aid

AS YOU will see elsewhere on this page, that prince of pugna prop. A. Motterson, Major Anna Hoople, Leland Varsity Bears to defeat the E.A.C. this afternoon and the South Side to trim the Collegians on Monday at Clarke Stadium. In a late-minute communication, the major explained that he gives Varsity the nod over E.A.C. for the following reasons: (1) The Students will be playing on their home grid with all the rah-rah inspiration of the student demonstration. (2) Coach Bob Fitch has his heart set on winning this first game which marks his debut as coach at the University of Alberta and he should be able to beat the Bears up to a superior effort. (3) E.A.C. will be on an unfamiliar grid and against a different type of opposition which it seems they have not had enough experience to cope with.

The major falls back on a well-known axiom of Western Conference football—that the trip from Calgary to Winnipeg loses a club plenty—when he picks the Bombers to beat the Bruins. Winnipeg is always toughed on its home grid—a place so small that it should really be called a skiff.

Hoople feels that in Monday's feature here the South Side Spitfires will turn in one of their finest games—purred by the sting of the 12-0 defeat handed them last night. On the other hand the Varsity Bears will be on an unfamiliar grid and probably very weary after giving everything in their home game on Saturday.

The major confidently predicts that he is a bit dubious about the Western Conference game on Monday. Regains must win to stay in the running for the playoffs. They have had a long rest and should be at the peak of their power. On the other hand Calgary will be weary from Saturday's game in Winnipeg and travelling involved. Given a couple breaks, Regina might win.

## Rifle Shoot Sunday Morning

RAPIDLY developing into a unit of home defense trouble shooters capable of clipping the ears off any troublemaker. Fifth Caliber Association, the Edmonton Garrison Rifle Association will turn out Sunday morning for its regular shoot at the Westburn range. Lt. Col. P. E. Brown, veteran rifleman who lends the unit its enthusiastic over the fine shooting his outfit has been turning in. All are showing remarkable improvement each time out. He is asking that every member of the unit make a special effort to be present this Sunday morning.

## Two Football Games Week-End Attractions

Two football games and the Varsity inter-faculty track and field meet constitute the main sports attractions for the city during the Thanksgiving week-end.

This afternoon at 3 o'clock the E.A.C. Junior Football, eleven is billed to meet the Golden Bears at Varsity Stadium.

This game marks the first appearance of the team coached by Bob Fitch and as the Athletics Club will be out gunning the Bears for their first win in the junior league, the 1960 edition of the University Bears is no doubt being keenly followed. It is indicated that Kennebec and Don McInnes will lead the strongest team they have shown to date.

An all-out attraction for the sportsphomage producers will be the annual Varsity Football, which starts from the ramp at 1:15 p.m. and will end at the north side of the stadium at the conclusion of the game time. During the half-time interval at the stadium, a group is to be released with free admission privileges.

On Monday the inter-faculty sports meet will commence with the events performing at the north side of the stadium. The track and field meet will start at 10:15 and the men's events will be run off in the afternoon.

## Rangers At Toronto In N.H.L. Opener Nov. 2

MONTREAL, Oct. 12.—Six of the National Hockey League's seven teams take the ice on the opening weekend of their four-and-a-half month schedule this year while the seventh, Chicago Black Hawks, starts activities the following Thursday.

Released Friday night by President Frank Chelmer, the NHL schedule calls for a 48-game program for each team. The campaign opens officially November 2 with New York Rangers and Toronto Maple Leafs, who met in the Stanley cup final last season, clashing in a Saturday night game at Toronto.

New York Rangers have three Saturday home dates—the only United States team with any scheduled. An innovation last year Friday night games at Detroit apparently proved a success as the Red Wings are down for five this season.

Otherwise, the schedule follows pretty well to the established routine of Saturday, Sunday, Tuesday and Thursday dates. During the Christmas week, however, there are games scheduled for every day except Monday.

THE ORIGINAL BLUE AND WHITE OF THE NAVY  
GEORGE II WAS SO SWITEN WITH THE BLUE AND WHITE  
KING COSTUME OF GEORGE DUKES OF BEDFORD THAT HE ORDERED  
THEIR COLOURS ADAPTED BY THE BRITISH NAVY. SINCE THEN ALL THE  
OTHER NAVIES IN THE WORLD LIMITED THEIR BLUE AND WHITE OF THE BRITISH.

EXPLANATION OF TODAY'S CARTOON  
THE ORIGINAL BLUE AND WHITE OF THE NAVY: Why are all the navies of the world dressed in navy blue and white? Because on a certain day in 1744, when the question of a new navy uniform was submitted to George II for his determination, the King met George Dukes of Bedford in the park, and asked her riding costume in blue and white so much to the liking of the King that he ordered the British Navy. Since all the other countries navies imitated the British, the riding colors of the Dukes are now obligatory in the navies of the entire world.

## Jamaica Offers Two Big Stakes

NEW YORK, Oct. 12.—Jamaica offers two \$10,000 stakes today with a dozen veterans of the turf named for the mile and sixteenth on the Continental Handicap and 11 two-year-olds for the six furlongs of the Borden.

Mrs. Payne Whitney's Haah, one of the horses invited to run in the Pimlico Special, Nov. 1, heads the Continental field under top weight of 126 pounds. His rival will be Myron Selznick's Con't. Way, Samuel Riddle's Get Off, Mrs. E. Graham Lewis' General Manager, Warren Wright's Advocate and the entry of William Woodward's Fox-

brough and Mrs. H. C. Philipps' Guided Knight.

## TIGHT BATTLES DUE DOWN EAST

TORONTO, Oct. 12.—On the basis of last week's performance, two of the east's three senior football games today look like fairly tight struggles. The Toronto-Hamilton and Ottawa-Montreal clashes should give the fans something to root about, for the coaches have had a week to iron out weak spots and integrate their ranks.

Judging by last Saturday's 21-10 rout against Ottawa, Coach Art Macneil of Hamilton had plenty of time. But the Tigers' mother has perked up in the last few days and now from Hamilton is the fact that the Bengals will go wide open against Argus in Toronto.

The sixth Coach Lew Hayman of the Southerns, Argus also have been told to open up with 407 to take three-guard strengthened by Quarterback Bill Stokun, are pinner, and big Red Stoney, are receiver, the Toronto squad are expected to show Tigers new points on the razor-dazzle attack.

At Ottawa the Intercontinental Union champions, Rough Riders, take on the unnamed Montreal crew who lost at home by a narrow margin.

## With The Pin Busters

Henry Culbert of the Corcoran romped home with 417 to take three-game high in the City 10 pin league today night at the Riverway Skating Rink, but that didn't stop the Moose from making a clean sweep. Henry rolled 217, 222 and 180, but his work was offset by Jim McLean, who romped 416 and this included the best single game score for the night—241.

Reidley had the highest team aggregate, 2194, and along with Albert Purpura and Moose took three straight.

## ART MAYOR GOING STRONG

Art Maynor got alongside the money—beaded with the Mercantile Leaguers and wound up with 243 over Chicago up 162 and 162 to his first two games. His triple count of 387 was also the best.

Duggan led in team total and C.N. MIXED 5 PINS

In the C.N. Mixed 5 pin group, Hawks of the Macs, contributed 248 in his second game and it remained the single high. Hawks' three strikes, 131, 222 and 268, totalled 626, took triple honors.

Five A's turned in the best team score, but Reliances and Trackers were the only three-game winners.

In the Nurses' league, Vivian Mariner of General No. 2, was far out on front, scoring 294, 208 and 240 to make up her total of 739 and annex single and triple high.

General No. 1 won three games and also contributed the best team aggregate.

## JUNIOR COMMERCIAL

Junior Commercial ladies had 10 teams bowling and Alice Monney of Burns' annexed honors for both single and three games, scoring 138, 228 and 223 for a total of 589.

Hurricanes won all their games and Metro 'Spitfires' had best team count.

## ACCOUNTANTS

Scott of Kinnard and Aylens team led the Accountants with scores of 190 and 201, and Patrigio and Joushans had the best aggregate.

## Easterners Outscore Rivals In Three Periods

By DICK SHERIDAN  
Canadian Press Staff Writer

TORONTO, Oct. 12.—St. Catharines' Athletics, looking better every time out, turned back Vancouver Burrards 17-10 for their second straight victory in the Mann Cup lacrosse series here Friday night.

A victory in the fourth game of the best of five series Monday will give the veteran A's the championship they lost to New Westminster Atlantes last year.

The burly easterners hammered at their younger rivals throughout, scoring 11 in the first quarter and boosting the count to 8-3 at half time. Despite the terrific punting, the courageous Burrards came right back and fought the A's to a draw in third, in which each team scored three.

St. Catharines ran in five straight goals in the first half of the second quarter when both teams struck a string of penalties that threatened to turn the game into a fiasco. The battling Burrards fought on, however, picking up four fouls to prevent a rout.

But with five and twenty McMahon with four goals led the A's on the score sheet. Chuck Berry, red-headed ace of the Burrards, counted four of the Vancouver tally.

Joe Jenkinson got a five minute penalty for drawing blood on McMahon in the third quarter. That was the only major of the 24 penalties called up till the crowd numbered 6372.

## Elect Officers

TORONTO, Oct. 12.—J. A. McConagh, Vancouver, was re-elected president of the Canadian Lacrosse Association at a meeting here Friday. The standing vice-presidents, Gene Dopp, Toronto, and E. E. Barnes, Vancouver, were also returned to office. Hon. W. A. Macdonald of Vancouver was named honorary president of the association.

Jack Striagh, New Westminster, secretary, treasurer of the association for the past two years, resigned to pursue a business and the president was delegated to appoint a successor.

The meeting decided to increase the rate of travelling expenses for the teams in the Mann Cup finals from \$4 to \$5 per man per day. In Argus last week. The powerful Atlantes, favored by reason of their hefty score against Tigers, are expected to oppose Montreal's ground power with their own slams from end and a mouth-filling backfield.

In the Senior Ontario Rugby Football Union's own game, Sault Ste. Marie hope to repeat last Saturday's performance when they walloped Camp Borden 24-1. They don't look for much opposition in their tilt with Alton at Hamilton, Alton, just put from intermediate company this fall 20-0 against Toronto Balm Beach last week.

Strawberries owe their name to the old custom of covering the plants with straw in the fall in order to protect the fruit from the cold season.

NEW YORK, Oct. 12.—They say Michigan's Mr. Harmon will gratefully hand back the big Harvard stadium today.

Athens has a pair of heels named Lloyd Chastain and Rufus Deal. So Col. Riner Baker, the demure press agent, never fails to crack, "We find 'em and Chastain."

Dick Cullum migrates in the Minneapolis Times-Tribune that Indians should be suspended for a week or two for cutting the Western Conference a perfect record in intercontinental competition.

Hersch Jacobs, for seven years in row the No. 1 trainer, seems to be on the slide. During the Aqueduct and Belmont seasons and the first four days of the January meeting, he has sent out 55 starters—only one winner.

ARE YOU A STRANGER TO OUR STORE?

If so—this message is especially for you. One is not a big store—actually it's a specialty shop for men who believe that clothes can do a personality job. Oddly enough we are more interested in achieving the effect you desire than in fitting your frame.

A perfect fit may be just the thing you want less. Clothes can be styled to disguise certain angles or curves that a fit would accentuate.

Clothes should be tailored to grace the individual with the most pleasing line and proportion.

And this, in brief, is the basic introduction to our shop where you will find that which you have been looking for.

## 1,500 HOMES VISITED FOR FIRE HAZARDS

At least 1,200 private dwellings were inspected by the fire department during Fire Prevention Week.

In the six days, from Monday to Saturday a daily average of 250 private dwellings were inspected. It is reported to you that under the direction of Fire Marshal John

In cases where furnace pipes and heating fittings were found to be in an unsafe condition the home owners were notified to make the necessary repairs. Refuse containers were also inspected and where refuse was found to be accumulating, orders were issued for the removal of same.

In addition to the inspections of the building, there were also several other things.

## Two Committed To Stand Trial For Liquor Robbery

Charged with being illegally in possession of liquor known to have

liquor vendor's premises at Veggieville, Konrad Fritz and Gordon Mellish were committed to stand trial in supreme court by Magistrate Millar Saturday. Charges of breaking and entering the liquor store, against the two accused, were also

Det. Sgt. Broadbitt, R.C.M.P., told of making the arrest of the two accused as they sat in a parked car on 101 street. The police officer stated he had fired a warning shot.

**Business Visitor**  
H. Rethoret of Montreal, general

Investigation Bureau, was a business visitor in Edmonton Saturday. He stated that he would visit his office here before going on to Vancouver. The province of Quebec is solidly behind Canada and Britain.
